Summary

UI/UX Designer with experience designing web and mobile products across e-commerce, education, and AI-powered applications. Skilled in user research, information architecture, wireframing, prototyping, usability testing, and design systems using Figma. Passionate about creating intuitive, accessible, and visually engaging digital experiences that balance user needs with business goals.

Experience

GravityCodex – Creative Marketing Agency

Jan 2025 – Present

Lead UI/UX Designer

- Created user flows, wireframes, high-fidelity designs, and interactive prototypes using Figma.
- Collaborated closely with developers and stakeholders to deliver user-centered solutions and ensure smooth implementation.

Gravity Coding – Programming Training Institute

Aug 2024 – Present

Junior UI/UX Designer

- Designed dashboards, educational platforms, and web applications with a focus on usability and accessibility.
- Built scalable design systems using Auto Layout, Components, and Variants to maintain consistency across products.

Education

Bachelor of Computer Applications (BCA)

2024 – Present

Gyan Ganga College of Excellence

Technical Skills

- **Design Tools:** Figma (Auto Layout, Components, Variants, Design Systems), Canva Pro, Adobe Illustrator, CorelDRAW
- **UX Methods:** User Research, User Flows, Information Architecture, Wireframing, Prototyping, Usability Testing, Accessibility
- **UI Design:** Responsive Design, Typography, Color Theory, Visual Hierarchy, Interaction Design
- **Design Systems:** Auto Layout, Components, Variants, Design Tokens, Responsive Layouts
- **Platforms:** Shopify, Webflow, WordPress
- **AI & Productivity:** ChatGPT, Claude, Stitch AI, Gamma AI, AI-Assisted Design Tools

Design Projects

- **E-Commerce Web Interface** | [Design Link](#)
Designed a complete multi-page e-commerce experience including authentication, product browsing, cart management, checkout flow, and error handling. Created wireframes, user flows, and high-fidelity interfaces focused on usability and conversion-oriented design.
- **FinTrack – Personal Finance Management App (UX Case Study)** | [Design Link](#)
Designed and prototyped a personal finance management application enabling users to track expenses, manage budgets, and analyze spending behavior. Conducted UX research, user flows, wireframing, prototyping, and usability testing to create an intuitive and accessible mobile experience.
- **Aura – AI-Powered Skincare Mobile Application** | [Design Link](#)
Designed an AI-powered skincare mobile application including branding, logo exploration, moodboards, design systems, Auto Layout, reusable components, and variants. Developed end-to-end user flows for skin analysis, AI-powered recommendations, dashboards, chat support, and profile management while ensuring scalability, consistency, and usability.
